Afternoon Breakout Handout

Regional conversation | 90 minutes

Purpose: Regional groups build on their morning role-based conversation, discuss what feels most important in their region now, and identify one realistic next step.

Framing

- Take a moment to introduce yourselves, then decide on a facilitator, note catcher, timekeeper, and reporter.
- This afternoon builds on the morning conversation, but you do not need to have been in the same morning group to contribute.
- Note the summary from your community's conversation at last year's YJ Summit, meant as a reminder and jumping-off point for today's conversation. You do not need to have been in last year's conversation to contribute today.

Conversation prompts

- Briefly name one takeaway, concern, idea, or question you want to carry forward from the morning into this afternoon's regional discussion?
- Thinking about your region, where do you see the biggest opportunity to strengthen restorative practice?
- After hearing more today about FGCs and restorative practice, where do you see the best fit for this approach in your region?
- What is one realistic next step your region could take in the coming year to move this work forward and who will kick that next step off?
